**LIST Technology AG secures innovative technologies and jobs**

Dear Customer))

We are pleased to inform you that the newly established company LIST Technology AG is securing the continuity of innovative technologies and products and taking over some of the jobs at LIST AG. Around 30 former employees at the site in Arisdorf and 4 employees in foreign markets will be transferred to the new company. LIST Technology AG belongs to JMBT Beteiligung AG, and hence to Jakob Müller Holding AG in Frick.

Jakob Müller AG is a Swiss company that has been developing innovative ribbon and narrow fabric technologies for over 125 years. With some 1,000 employees on four continents, the company is the global leader in this market.

This has major advantages for you as a customer: You can rely on the same high quality of new systems, products and services in future at LIST Technology AG of Arisdorf. List Technology AG will reliably meet all current commitments towards you.

Continuity will also be ensured in the company's management: Karsten Güdemann will become CEO of the newly founded LIST Technology AG, with Franz Bregenzer as CFO, Eberhard Kühlbrey as Managing Director Sales and Manuel Steiner as Managing Director Technology.

LIST Technology AG has acquired all tangible and intangible assets of LIST Holding, and owns all of List Holding AG's brand and patent rights.

We would like to thank you for the trust you place in us and look forward to working with you.

Do you have any questions? Please do not hesitate to contact us.

With kind regards,

Karsten Güdemann  
CEO

Franz Bregenzer  
CFO

Eberhard Kühlbrey
